

## Credit Unions Supporting Financial Literacy

Please let us know how your credit union is supporting and advocating financial literacy in your community. The Indiana Credit Union Foundation is beginning to compile a database of financial literacy projects and programs throughout the state of Indiana as a valuable resource for credit unions, legislators, teachers, etc. We are planning to create a **Financial Literacy Best Practices Manual**. Your participation would be greatly appreciated.

**We would love to know how your credit union is impacting your community!**

Credit Union Name \_\_\_\_\_

Contact \_\_\_\_\_

Address \_\_\_\_\_

Phone \_\_\_\_\_

E-Mail \_\_\_\_\_

### **Brief Description of your projects/programs for financial literacy:**

- Overview of project/program
- Who do you reach in your community with this project/program?
- What age group(s) do you reach with your project/program?
- How many individuals benefit from this project/program each year?
- Is this an ongoing project?
- Is this employee or volunteer driven?
- What materials are you using? Did you develop the materials, or are you partnering with another organization? Feel free to provide samples of any material you would like.
